

Will the explorers be able to solve the mystery of life and return to their original world?

ETERNAL DECKS

We become explorers and journey to the Eternal World.

エターナル
デッキ
We started playing it!

We lose if one of us cannot play cards from our hand or if we draw a "Game Over Card".

We will cooperate together.

When it's your turn, you must

play a card!!

Each stage has a different way to win. To win this time, we need to collect four stars that are scattered around the stage.

②

④

Start by drawing three cards from your deck.

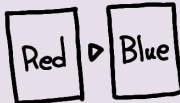

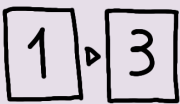

③

Yeaahhhh!!

Each player will have their own deck. Is everyone ready?

There are several other fields to discover.

You'll arrange them in ascending order.

You'll arrange them by the color specified.

The field is where you will play your cards.

Here are a couple examples.

⑤

By the way, this is the "arrange in descending order" field

You can place a disc at anytime

$$|Y_{ay}''|$$

I can
Play
here//

I can
Play
here!

an
y
ore ll

I want to
play here,

I can play if it's around here...

⑦

9

Go ahead!
Go ahead! //

Okay,
I'll start

(た)

⑧

Let's talk //

You can all talk about them, but you can't say the "color" or "number" you have in your hand.

“OK!”

I see. It looks like FROG can only play cards on both ends.

Hmm

⑬

I'm low on cards.
I'll revive an
"Eternal".

OK

12

Then...
I'll put a
Disc here...

I'll play a card here.

Everyone

↳ will be cursed by the revived Eternal

The player who
revived the Eternal

↳ will get a new deck

If you line up a certain number of cards on the field, you will revive an Eternal.

14

16

⑩ "Rares
can't be
used,
meow."

A jewel will remove the curse from an Eternal.

You can
use it,
meow.

15

Then, I'll use the "1/5/9" cards and generate a jewel!
